

Although I don't have access to K-Love on any local radio stations, I listen to them every day on-line. They give me my boost for the day. I know that there are many people that also love this radio station. After all this country's moto in "In God We Trust". Personally, I think we need more of these Christian stations and less of all that other stuff that young people call music. I am asking you not to take them away from all of us who rely on them to remind us that God is with us every day. It is really beautiful music, as is God himself. Thank you for listening.
